5. DELIVERY AND ASSESSMENT METHODS

Delivery of training and assessment is governed by a VET Partnership Agreement with our delivery partner Demi International Beauty Academy (RTO #32542). This partnership ensures students receive the highest quality training from Demi International Beauty Academy, and access to industry standard equipment and facilities at our shared campuses located in Cairns, the Sunshine Coast, Brisbane, and the Gold Coast. International College of Queensland and Demi International Beauty Academy Trainers and Assessors are experienced industry professionals committed to providing a high standard of training and assessment. Assessments for all courses meet the principles of assessment in that they are fair, flexible, valid, and reliable.

Our accredited training is based upon national units of competency forming competency standards. Competency standards are statements that define the skills and knowledge required to perform a specific piece of work to the standard required in industry. Competency standards are the statements

of outcome for nationally endorsed training. They shape the curriculum to which students are taught and set the standards against which students are assessed.

Classroom Based Training

All our international courses are classroom based with possible workplace-based training. For after-hours study and the submission of assignments, access to a computer and the internet is essential.

Workplace-Based Training

It may be a requirement of the course that you attend a workplace to be able to practice and improve your skills and knowledge.

Where this is required, the College will arrange placement with a suitable employer. Students will need to plan to get to and from the workplace on the days and times specified.

Assessment Methods

As you progress through the units, there will be an opportunity for you to test your learning by completing some general questions and activities. At the end of each unit, you will be formally assessed by your Assessor. A portion of your written and recorded evidence requirements are to be uploaded to the International College of Queensland online learning system called CANVAS™. This evidence will form part of your competency assessment. As such, you need to have access to a computer and the internet.

Being competency-based training, our courses require practical aspects to assessment to ensure that students can demonstrate the skills they have been taught, over a period to a level accepted as industry standard. Where this is the case, you may be required to upload recordings of the activities, perform tasks in the presence of an Assessor or use a named supervisor (from within the industry) to act as a verifier of your skills. You are supported throughout the process by a dedicated Trainer/Assessor. The Assessor will make a judgement of competency based on the evidence provided according to the national standards.

Our Assessors will ensure:

- The assessment process is valid, reliable, flexible, and fair.
- All evidence that is submitted and deemed as valid, current, sufficient, and authentic is considered in making their judgement.
- Timely and constructive feedback on NYC (not yet competent) assessment outcomes is given to applicable students.
- Recognition of Prior Learning is offered and recorded.
- Assessment outcomes are recorded appropriately.

International College of Queensland is proud of its high standards and has a strict quality control process before certification being awarded. As you are assessed for the competencies, skills and

knowledge required for the qualification, you will also be reviewed for foundation skills. These are the underlying skills that are threaded throughout completion of any qualification. They include the literacy, numeracy, and digital literacy skills, but also more general skills needed in a contemporary business.

6. PROGRESSION & COMPLETION

During your study in Australia, it is your responsibility to dedicate the time and commitment required to progress through your course until completion within the course duration as outlined in your Confirmation of Enrolment (CoE).

You are required to attend the College for twenty (20) scheduled course hours per week for your course and must not let your academic progress drop below 50% within each study period. The College monitors your progression and completion of your course of study at the end of each study period (10-week term).

Should you be deemed to be at risk of not progressing through your course, you will be offered to attend an intervention meeting with a Student Support team member.

If you have any concerns or circumstances impacting on your ability to complete your course within your course duration, please contact your Trainer or our Student Support team on +61 7 5309 6635 or email admin@studyingqld.com.au

They can offer advice options, create an intervention plan and discuss tools and techniques to assist you towards completion.

21. YOUR SAFETY

Your safety whilst you undertake your studies is of utmost importance to the College. Whilst accidents can happen, there are certain things that you can do to avoid getting yourself into harmful or compromising situations.

Some situations to be wary and mindful of may include:

Money

- Carrying large sums of money.
- Avoid where possible and be mindful of who may see what you are carrying in your purse/ wallet or what you are withdrawing from an automatic teller machine (ATM).

Night-time

- Late night walking.
 - Whilst walking at any time of the day has a certain level of risk; walking alone at night in areas with poor lighting or in public parks is not recommended and should be avoided wherever possible.
- Nightlife.
 - Our Queensland Campus locations have a fantastic array of nearby clubs and pubs. Should you wish to enjoy the nightlife, please exercise caution with your alcohol intake and your movements throughout the city. There is a lockout curfew imposed upon certain suburbs which prohibits patrons from entering or re-entering premises after 3am. Always monitor your drinks and never leave them unattended.

Wildlife

- Whilst in built up areas, you will not encounter too many animals that pose a potential risk to your wellbeing. Australia is home to animals that you will not find native in any other

country, and quite a few of them are harmful. As a general guideline, do not attempt to touch or handle any wildlife unless you are visiting a zoo or wildlife centre that allows such actions.

- Magpies (an Australian bird). During July – December, you may find an increase in territorial/defensive behaviour from the magpie as it attempts to scare you away from their breeding site and/or chicks. Avoid areas with magpie activity to the best of your ability as they have a tendency to swoop/dive-bomb those that enter their territory.

Skin protection

- Slip, slop, slap (slip on a shirt, slop on sunscreen and slap on a hat). It is quite easy to get sun burnt whilst enjoying the beautiful weather of Queensland. Please exercise caution when spending long periods of time in the sunshine.
- Biting insects. During the wetter periods of the year, Queensland can experience an increase in mosquitos and midges (sand flies). It is recommended that you apply a tropical repellent and wear appropriate clothing.

Swimming

- The Sunshine State is blessed with beautiful beaches, swimming holes, and rivers. Should choose to swim at any one of our beaches; please always swim between the patrolled flags (<http://www.qldbeaches.com/safety.html>).
- It is not recommended that you swim in river systems; particularly those that are close to an ocean inlet/outlet.

Travel

- Driving in Australia. Please ensure that you are aware of the road rules that must be adhered to when driving in Australia (<https://www.qld.gov.au/transport/safety/rules>, <https://www.publications.qld.gov.au/dataset/your-keys-to-driving-in-queensland>).
- When catching public transport, please ensure that you follow safety rules.
- Should you wish to ride a bike, there are road rules that must be adhered to for your safety and for the safety of other road users.
